Green: Recommended "buy" if the retailer has it in stock.
Yellow: Only buy IF there are no GREEN tickets available.
Red: Don't buy, you'll be wasting your money!

ScratchSmarter Ranking: This ranking is the result of a complex calculation factoring in the top prizes remaining, overall odds of the game, odds of the top prizes and additional factors.

Smart Factor: Scratch Smarter's rating of each game. It combines the overall odds, total prizes, and remaining prizes to determine a single number that

represents how well a game is doing relative to all other games based on the estimated number of tickets sold.

Overall Odds: On average, the number of tickets you have to play to win a prize - It is calculated as the total number of tickets printed divided by the total number of winning tickets available. The overall odds are provided by your state lottery.
